X Marks The Spot:

Buried Treasure

- Buy or use a toy box or chest.
- Line the inside with cloth.
- Pour flower or vegetable seeds into it.
- Pick a spot in your park, playground or yard. Dig a hole and bury the chest there (not too deep – only so the top is covered with dirt).
- Using a piece of old paper or parchment paper, draw a map with easy directions to the spot and mark with an X. (You can burn the edges of the map with a match).
- Tell your child/children that you found a treasure map.
- Let them find and dig up the treasure.
- Plant your seeds!

Extra: Throw some silver dollars into the chest!!
